

WHO WE ARE

EJL goes beyond general contracting services to provide you with innovative solutions to all your multifamily projects.

We built a strong team of employees to ensure quality and consistency in our work.

We develop strong relationships on a foundation of communication, transparency, and integrity.

OUR SERVICES

Unit Renovation

EJL offers turnkey unit renovations or labor-only contracts. EJL can also assist with design selection to modernize units so your community stand out in a competitive market.

Club House Renovation

First impressions matter, and updating a focal point such as a club house can instantly increase curb appeal. We take our clients vision and bring it to life.

Full Service Exterior Renovation

EJL understands the importance of asset preservation. From full exterior paints to siding tune-ups our team can complete all exterior building renovations, and repairs. .

Fire Restoration

Immediate action and a fast response can limit the damage, prevent further damage and reduce restoration costs. Our highly trained crews have the specialized equipment and resources to handle the job.

Water Penetration

EJL goes beyond surface fixes to address the root cause of water penetration. This will help you avoid significant damage to the structural integrity of your building.

Roofing

We visit your site to inspect the roof and the extent of the damage and then recommend the best course of action.

OUR COMMITMENT

Pre-Construction

EJL offers estimates, scope coordination, and capex walks. We can identify what you want, and generate a detailed scope with schedule of values.

Working with EJL

In keeping with our commitment to integrity and transparency we provide clients with a digital view of project progress that can be accessed anywhere via Builder Trend software. This allows us to connect our EJL project management team with property staff, asset management and project managers.

OUR MISSION

EJL is committed to providing the best customer experience in construction. We achieve this through strong relationships, excellent communication, and quality workmanship.
